

My name is Mark Hibberd. I'm currently the BJCP representative for the Asia-Pacific region and am running again to continue this work. I'm a National judge living in Melbourne, Australia. My commitment to the BJCP includes judging at 60+ competitions, proctoring 25+ exams, running 10 tasting and written exams, as well as grading 100+ exams. I have been actively involved in organizing competitions at the state and national levels in Australia for the past 25 years.

My priorities as representative include:

- Be responsive to members in the region to assist them with BJCP matters and represent their interests to the Board.
- Continue to develop the sustainability of the BJCP program in our region, especially by encouraging and providing more opportunities for judges to progress to National+ rank through training, Tasting and Written exams. Our higher ranked judges are a critical part of the program as exam admins, proctors and graders.
- Continue expanding arrangements for shipment of lapel pins to all parts of our region.

Many thanks for your support, Mark Hibberd.
