

Candidate Statement

I'm Lukáš Provazník. I have been a member of the BJCP since 2017. I'm currently a National Rank Judge and I'm preparing for the next WFE to become a Master Judge. Among other things, I co-own two craft beer bars in Brno. I'm the main organizer of the Moravian Homebrewers Meeting, which we host in Brno, and an associate organizer of the Good Water Beer Cup in the village of Dobrá Voda. Of course, I also participate in homebrewing competitions as a judge. I also help organize BJCP exams in the Czech Republic, serve as a proctor, and I'm registered as an exam grader. I am an ambassador for the Warszawski Festiwal Piwa, a beer styles lecturer at the Sládkova akademie, I participate in debates at universities, and I served on the advisory board for the inscription of Czech beer culture on the UNESCO list. Last but not least, I'm a gypsy brewer with a passion for putting the history of beer into practice.

I would like to build on the work of my predecessors and friends, Omer Basha and Marek Kamiński, and represent Europe, the Middle East, and Africa within the BJCP. I want to support the recruitment of new judges and the continuing education of current ones. I want to ensure that not only Europe's voice, but also those of the Middle East and Africa, are heard more clearly within the BJCP. I want to be a representative whom anyone can turn to at any time with any problem or question.

I count on your vote to make it possible!
